

June 2, 2003

Instructions:
How to redeem your Non-fat Dry Milk (NDM) voucher
This sheet accompanies the attached voucher.

Included in this packet is your Non-fat Dry Milk VOUCHER that designates how much NDM you have qualified to receive.

Also included in this packet is a list of qualified feed manufacturers and dealers. If you wish to trade or sell your NDM, please contact one of these companies. They have signed up for the program under USDA guidelines.

Do not lose the VOUCHER. You must present the original VOUCHER to a Utah Department of Agriculture and Food official to claim your NDM. Distribution points are being coordinated by local county committees and you will receive information on delivery dates, times and locations once we receive information back from you.

The NDM can only be delivered in full truckloads of about 780 bags.

Foundation livestock herd owner, you have three options at this point.

- (a) You may choose to decline receiving your share of the NDM coming to Utah.
- (b) You may choose to take your allocation, or
- (c) You may choose to trade or sell your allocation to a commercial feed manufacturer, feed dealer or other person in exchange for another type of feed containing NDM. This is known as a "third party sale."

If you choose option (a) to decline your NDM, simply do nothing and we will allocate your share of NDM to another livestock producer.

If you choose option (b) to take your allocation, you need to keep the TOP portion of the VOUCHER and present it at the distribution location, to be determined soon. You also need to fill out lines (5), (6), (7), (8), and (9) of the VOUCHER and mail or fax back the BOTTOM portion of the VOUCHER to the Utah Department of Agriculture and Food by **June 20, 2003**. UDAF Fax: (801) 538-7126.

If you choose option (c) to trade or sell your NDM, you need to sign over the voucher to that company or person by filling out line (3) of the voucher. This will tell us who you sold your NDM to so we can deliver the product to them. The new owner of your voucher will then fill out lines (5), (6), (7), (8) and (9). After you sign over the voucher, give the entire document to the new owner. The new owner will mail or FAX the bottom portion to the UDAF by the June 20th deadline. Please coordinate with the third party to ensure your voucher gets turned in by the deadline.

If you are a feed manufacturer/dealer or other person trading for, or buying a voucher, you must fill out lines (5), (6), (7), (8) and (9) of the voucher and fax or mail it back to the Utah Department of Agriculture and Food no later than **June 20, 2003**. The NDM can only be delivered in full truckloads of about 780 bags.

Please call (801) 538-7102 or 538-7104 if you have questions or need assistance.

Complete lines (5), (6), (7), and (8) and sign line (9) and FAX this sheet to (801) 538-7126 by 6/20/03.

I/We agree to the terms of the NDM program listed below. Please place orders in full truckloads of 780 bags.

- The NDM may not be used as a replacement for whey or whey products;
- The NDM may not be processed for or used for human consumption;
- NDM may be bartered for other feeds that contain some percentage of NDM;
- All NDM must be fed in an eligible state; the eligible states include: Arizona, Colorado, Kansas, Montana, Nebraska, New Mexico, South Dakota, Utah, and Wyoming.
- NDM may be processed outside the eligible states if returned by or from the processor directly to the eligible states and consumed in one of the eligible states;
- Consumption of the NDM by livestock normally housed in one of the eligible states will be considered to be consumption in an eligible state even though the herd is quartered temporarily elsewhere;
- The dealer/manufacturer shall, upon inquiry, certify to the disposition of the NDM for the proper use and certify to compliance with all limitations of this agreement on the use of the NDM and products made from it.
- The suggested minimum value for the bartering of the nonfat dry milk is \$80 per ton.

(9) Authorized Signature: _____
